HISTORY OF PUBLICATION

Coverups! was the embodiment of its editor and publisher Gary Mack. Mack had previously served as an assistant editor (and contributor) on Penn Jones' The Continuing Inquiry until his dismissal in 1982. Coverups! delivered well-written and well-documented articles illuminating many of the unexplored regions of the Kennedy assassination. Its last issue was postmarked March 1987 and gave no hint that it was ceasing operation. Coverups! reappearance would be well-received by its loyal readers.

I am working on the definitive bibliography of books, manuscripts, pamphlets, or one-shot magazines dealing with the JFK assassination. My work-in-progress currently contains over 60 pages and over 500 separate author entries. I wish to include information on all such materials and editions printed in English. I am using the format adopted by William C. Thompson in his A Bibliography of Literature Relating to the Assassination of President John F. Kennedy. Each entry in my bibliography will contain (hopefully) ten elements:

1. Author
2. Title, indicate if Dust Jacket as published, whether hardcover, paperback, softcover, etc.
3. City of Publication
4. Name of Publisher
5. Year of Publication
6. Number of pages (if introductory pages are roman-numbered, they are counted separately)
7. Whether work is illustrated or not
8. Price, at time of publication, not now
9. Library of Congress catalogue card number or National Union Catalog number, if available
10. Comments, for example: footnotes, bibliography listed, Preface by someone other than author, or whether it prevously was excerpted in a magazine

ABBREVIATIONS

(comp.)	compiler
(comps.)	compilers
DJ	Dust Jacket
(ed.)	editor
(eds.)	editors
(hc)	hardcover book
ISBN	International Standard Book Number
LC	Library of Congress catalogue card number
NUC	National Union Catalog card number
(os)	oversize book: non-standard-sized (hc)
(pb)	paperback book
(sc)	softcover book: non-standard-sized (pb)

If you would take the time and send me this information on the five rarest or most obscure volumes you either possess or know about, it would be greatly appreciated and incorporated into my bibliography. Of course, you can do more than five if you desire. All comments and additions will be gratefully received.

Thanks,
Ray
